IEEE *Xplore*<sup>®</sup> Digital Library Subscription Option

## Fuel your imagination with two individual subscription options designed exclusively for IEEE members

The IEEE Member Digital Library (MDL) gives you the latest technology research—so you can connect ideas, hypothesize new theories, and invent better solutions. Get full-text access to IEEE *Xplore* at an exclusive price, with the only member subscription that includes any IEEE journal article or conference paper.

### Choose from two convenient options:

#### IEEE Member Digital Library

Access all the research you need to explore ideas and develop better technology with 25 article downloads every month for just US\$40 per month. Roll over up to 10 unused downloads into the following month for a maximum of 35 downloads.

#### IEEE Member Digital Library Basic

Stay current with 3 article downloads every month, and roll over unused downloads for 12 months, for only US\$17 per month.

### Both IEEE Member Digital Library options deliver key benefits:

- Drive new ideas, designs, and applications with cutting-edge research
- Develop better solutions faster by understanding the technology landscape
- Stay ahead of advancements
- Review previous research so you don't reinvent the wheel
- Accelerate innovation with convenient access to proven research all in one place
- Keep track of your research with an online file cabinet

## Access respected technology research that generates results

IEEE *Xplore* includes top-ranked journals and technology research that is cited in patents three times more often than any other publisher. With over 3 million full-text articles and papers, IEEE *Xplore* is your gateway to more than 30% of the world's current literature in electrical engineering, electronics, and computer science.

## Find relevant research faster with powerful search tools

IEEE *Xplore* combines an easy-to-use interface with powerful search tools that make finding relevant research faster and more efficient.

**Search:** Intelligent features such as convenient type-ahead, a functional search breadcrumb trail, and a "Refine/Expand Results" module let you modify and find results easier than ever before.

**Personalize:** You can also personalize IEEE *Xplore* to create targeted saved searches and table of contents alerts, set personal preferences, and take advantage of enhanced features like search history and My Projects.

## IEEE *Xplore* also provides:

- Basic, Advanced & Command search options
- INSPEC<sup>®</sup> abstract/citation and bibliographic records
- Persistent links (OPAC)
- Daily content updates

## Organize your research in the IEEE *Xplore* file cabinet

Keep track of your research by storing documents in your personal, online file cabinet. Each unique document download is automatically added to your file cabinet, providing convenient access to your research.

Note: IEEE MDL is an individual subscription option designed for your own research. Articles cannot be shared with others. For corporate subscription options, please visit: [www.ieee.org/digitalsubscriptions](http://www.ieee.org/digitalsubscriptions)
